Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Ancient Egypt s impact on later cultures was immense. You could say that Egypt provided the building blocks for Greek and Roman culture, and, through them, influenced all of the Western tradition. Today, Egyptian imagery, concepts, and perspectives are found everywhere; you will find them in architectural forms, on money, and in our day to day lives. Many cosmetic surgeons, for example, use the silhouette of Queen Nefertiti (whose name means the beautiful one has come) in their advertisements. Ancient Egyptian civilization lasted for more than 3000 years and showed an incredible amount of continuity. That is more than 15 times the age of the United States, and consider how often our culture shifts; less than 10 years ago, there was no Facebook, Twitter, or Youtube. While today we consider the Greco-Roman period to be in the distant past, it should be noted that Cleopatra VII s reign (which ended in 30 BCE) is closer to our own time than it was to that of the construction of the pyramids of Giza. It took humans nearly 4000 years to build something--anything--taller than the Great Pyramids. Contrast that span to the modern era; we get excited when a record lasts longer than a decade. Scroll to the top of the page and click Add To Cart to read more about this extraordinary largely forgotten chapter of history.
