WHAT THE ANIMALS TELL ME

Audible Studios on Brilliance, United States, 2016. CD-Audio. Book Condition: New. Unabridged. 171 x 133 mm. Language: English . Brand New. If you could talk to your pet, what would it say to you? How do animals communicate with people? And what's the best way for people to communicate with animals? In this insightful audiobook, renowned pet psychic Sonya Fitpatrick teaches listeners about the secrets of the animal world and how to learn the telepathic language of animals. Dogs, cats, reptiles, horses and wild animals of kinds have a story to tell. Animals have special ways of communicating, which is unfortunately often misunderstood by pet owners, leading to behavioral problems and a disconnect in what might otherwise be an inspiring and loving relationship between pet and pet owner. Through the discussion of her own telepathic powers and by sharing true stories from her clients, Sonya helps pet owners understand their pet's thinking process, thereby uncovering the basis for many common problems: scratching, barking, soiling, chewing and many more. You'll hear about Sparky, the dog whose deliberate accidents pointed to a strong dislike of his owner's new boyfriend or Zuki and Spika, two enigmatic iguanas that Sonya helped learn how to live together peacefully, Brass, a horse with an abusive past that threatens a positive relationship with his new owner and Magic, a cat with heart problems that were healed by Sonya's advanced techniques plus many incredibly true tales of lost pets found using Sonya's telepathy. Sonya shares her seven simple steps to communicating with your pet, along with practical guides on care and feeding, emergency preparedness, illness, moving and how to introduce new pets to the household.
