Unbridled Books, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. In this personal and revealing book, Anthony Poon takes us on a creative journey that begins with his re-envisioning of a seaside public space as a very young architect. Poon has designed hundreds of buildings across the United States and internationally, from eco-friendly homes to public schools, from intimate retail venues and restaurants to sports arenas, from university housing to retreats and places of worship. Sticks Stones / Steel Glass takes us inside a purposive yet open mind always hoping to design it all, to weave together light and material, culture and commerce, music and design, a good meal and the joy of gathering to share it. In these pages we engage the creative processes of a thoughtful and intense architect whose works--public and private--all strive to enhance his clients stories and identities. Poon s goal in each commission is to reward those who will enjoy and inhabit the structures he designs. In every building designed by Anthony Poon art is shelter and architecture is a social good.
