Canut Publishers, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.As international interference incidents augment in many regions of the world, the issue of international interference came fore more prominently in the academy and international law researches. Currently, we can observe multifarious forms international interventions, and their impacts on the international developments are obvious and increasingly influential. Since international interventions take a myriad of forms in terms of their goals, methods employed and assume different properties, it is not easy to generalize them. Although, some international interventions can never be justified from the aspects of the law and international norms, it should be admitted that some international interventions have reasonable grounds, and play benign and constructive roles, and the latter are properly authorized by the UN Security Council, they prevent evil incidents, safeguard justice and peace, thus lives, security and rights of many people are guaranteed. This kind of intervention, most of the time, take peaceful forms, deploying peacekeeping troops to prevent violence from further escalation. On the other hand, irrational interventions are viewed as ad hoc, counterproductive and illegitimate interventions, they are not authorized by the UN Security Council, or go beyond its authorization stipulations, thereby bypass the international law and institutions, and serve the narrow interests of certain states or groups, this type of interventions sometimes employ non-violent ways such as economic and political sanctions, embargoes and containment of a country, but mostly resort to military forces, heavy bombing and shelling and even overthrow the current regime, replace the government and promote their own allies ascending to power. Looking from a rational historical view, the increasing demands for international intervention can be seen an important manifestation of human progress, because human beings share the same dwelling space--our earth--and mankind cannot stand idly...
