SIMON SCHUSTER, United States, 2009. Paperback. Condition: New. Brand New Book. The world has entered an era of the most profound and challenging change in human history. Parents around the world see the change and know that the traditional three R s -- reading, writing, and arithmetic -- are necessary, but not enough. Simultaneously, the school began reporting significant increases in students self-confidence, dramatic drops in discipline problems, and striking increases in teacher and administrator job satisfaction. Parents, meanwhile, reported equivalent improvements in their children s attitudes and behavior at home. As news of the school s success spread, schools around the world began adopting the mantra to develop leaders, one child at...
