O Reilly Media, Inc, USA, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book. No matter how much experience you have with JavaScript, odds are you don t fully understand the language. As part of the You Don t Know JS series, this concise yet in-depth guide focuses on new asynchronous features and performance techniques-including Promises, generators, and Web Workers-that let you create sophisticated single-page web applications and escape callback hell in the process. Like other books in this series, You Don t Know JS: Async Performance dives into trickier parts of the language that many JavaScript programmers simply avoid. Armed with this knowledge, you can become a true JavaScript master. With this book you will: Explore old and new JavaScript methods for handling asynchronous programming Understand how callbacks let third parties control your program s execution Address the inversion of control issue with JavaScript Promises Use generators to express async flow in a sequential, synchronous-looking fashion Tackle program-level performance with Web Workers, SIMD, and asm.js Learn valuable resources and techniques for benchmarking and tuning your expressions and statements.
