TAXONOMICAL REVISION OF THE GENUS CASSIA L. SENSU LATO IN THE SUDAN

Taxonomical Revision of the
Genus Cassia L. sensu lato
in the Sudan

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | The present study is a taxonomic revision and a contribution to establish monographs on a medicinally important genus, Cassia L. sensu lato, in the Sudan, so as to help in standardization of botanical drugs and to update the botanical names. A total number of 23 species (16 indigenous and 7 exotic) belonging to this genus were studied, which constitute all the species recorded in the main and regional Sudanese Floras besides the...

Reviews

It becomes an incredible book which i have ever read through. This really is for anyone who statte that there was not a well worth reading through. You wont sense monotony at at any time of the time (that's what catalogs are for regarding when you question me).

-- **Alf Grant**

This sort of publication is everything and taught me to hunting ahead and much more. Better then never, though i am quite late in start reading this one. I am just very happy to explain how here is the best pdf i actually have read within my personal daily life and can be he greatest publication for actually.
