

The Physics of Idealism (Paperback)

By Edgar Lenderson Hinman

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.From the Introduction. In discussing the attitude of idealism towards the metaphysics of natural science one is embarrassed at the outset by the indefiniteness of the term idealism. Systems which are called idealistic differ radically in character, as do those of Leibniz and Berkeley. Many, of them exhibit features which are supposed to be characteristic of realism. Yet the distinction between realism and idealism is a time-honored one, and cannot be without significance. It is therefore important to determine with some precision in what this distinction consists. Two criteria often used to make the distinction appear to the writer to be of very inferior value. According to one, an idealist is a thinker who denies that the external world and the objects of knowledge possess a reality independent of the perception or thought by which they form a part of his consciousness. Their esse is percipi, and in addition to their reality as perception no sort of existence can be ascribed to them. The realist, on the other hand, urges that things exist by themselves, and that afterwards a knowing mind may...
