Createspace. Paperback. Book Condition: New. This item is printed on demand. Paperback. 292 pages. REVIEWThere's so much to like about this novel. So often, a writer tries to pull off a stand-up interplay between joint protags - and fails. I expect the author has developed the two characters in his previous work (which I haven't read). I like to dabble myself, and I'm envious of how Mr Crowther has juxtaposed Matt and Nathan, a couple of dark horses who cannot help but become embroiled in the tangled webs of a more than shady collection of Mancunians - not that they'd have it any other way. - WriteIntoPrint. co. ukDESCRIPTIONFrom the very first page of *As the Sun Turns Black*, it is clear that something is very rotten in the city of Manchester. Two young girls are missing then one is found dead, covered in blood and swan-feathers. The murdered child turns out to be the daughter of Matt Spears' friend, Eddie, who appeals to him to find the killer. Matt refuses to get involved; he's having enough trouble trying to stabilize his business and keep his relationships alive. But then, the hated and heartless journalist, Garry Corless, arrives back in town, prompting Matt to wonder whether the girl will be found dead or alive before the killer, dubbed Red, strikes again. Matt begins to make a series of terrifying connections to a string of murders reaching into the past; driving him into a tangled web of police corruption, violence, blackmail, sexual obsession and fraud. From the upper echelons of high finance to the gritty underbelly of the Lancashire shadows, no one is safe. Question and Answers with Barry CrowtherQ: When did you first realise and/or decide you wanted to write novels - and why?BC: I've been writing for around twelve...
