Email for list of Bibliographies sited, more photos of the book or further condition details. Illus: 40 B&W. . "The Rosicrucian Emblems is a significant, yet little-known work of emblematic philosophy published originally in 1617, only on year after the appearance of The Chemical Wedding of Christian Rosenkreutz. The work consists of 40 emblematic plates, each bearing a title, together with a verse from the bible and two lines in Latin. The plates revolve around the symbolism of the heart, which undergoes a variety of processes and experiences through a cycle of 40 stages. Adam McLean, (who's alchemical website is a must see), in his introduction and commentary, elucidates the history of the text and the nature of the symbolism"-from rear insert. A title in the 'Magnum Opus Hermetic Sourceworks" series. Rare in hardback and highly collectable.
