

## Evidence of Things Not Seen (Paperback)

Filesize: 2.33 MB

### ***Reviews***

*A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.*

St Martin s Press, United States, 2016. Paperback. Condition: New. Reprint. Language: English . Brand New Book. When a teenage genius goes missing, the residents of a small Texas town try to unravel the mystery. Tommy Smythe is missing. Fact: Tommy was very good at physics and less good at basic human interaction. Fact: Tommy recorded his thoughts and observations in a notebook. Fact: Tommy believed in the existence of parallel universes. Fact: Tommy was adopted. The conclusions to be drawn from the facts are not simple. Did he run away to find his birth parents? Did he slip through a wormhole and enter one of the multiple universes he believed in? Did he simply wander off? Only one thing is certain: until one possibility is proven true, all possibilities exist. Told through multiple perspectives, here is a story about how the residents of a small town seek answers to the mystery of a teen s disappearance. Evidence of Things Not Seen by Lindsey Lane explores themes of loneliness, connectedness, and the role we play in creating our own realities. Evidence of Things Not Seen masterfully weaves science, suspense, amazing characters, and scintillating writing to create a multiple universe of stories and lives joined by the power of a single mysterious event. Lindsey Lane has written a unique, powerful novel. --Francisco Stork, author of Marcelo and the Real World.
