*This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.*

You can believe them or not, but the stories you are about to read are true. Would you believe a grandmother over in Cedar Key would take a .22 pistol and shoot an orange off of her grand-children s head? Grandma Katherine did and we have pictures of that very gun. Would you believe a man actually killed another man on Main Street in Otter Creek for owing him 35 cents? What would you think of a pastor who taught young boys to water ski in the ditches along the highway behind a 1950 Pontiac going 60 mph? How would you like to know what healthcare was like before ObamaCare? You are going to learn how country folks removed warts, stopped bleeding, cured asthma and hernias, and more. You will also learn how to cook swamp cabbage, fried cat squirrel, and crabs gravy. We hope that you will sit back and enjoy yourself as you read true stories about people and places in Otter Creek and Levy County.
