By Pearl Gold Solomon

SAGE Publications Inc, United States, 2006. Hardback. Book Condition: New. 2nd Revised edition. 282 x 216 mm. Language: English . Brand New Book. I will be quoting many of the key points presented in the book often to others in my school - Carol Amos, Teacher Leader/Mathematics Coordinator, Twinfield Union School, Plainfield, VT Makes a distinct contribution to the field of mathematics, explaining in clear language the relevance of the various concepts as they apply to elementary mathematics curricula - Melissa Miller, Teacher, Randall G. Lynch Middle School, Farmington, AR A wonderful resource for readers who will be developing curriculum and lessons. Each content branch is clearly explained and has examples for easy development. Professionals will be able to easily build further examples - Joseph DiGarbo, Teacher, Mohegan Elementary School, Uncasville, CT This updated and expanded new edition provides elementary math teachers with a step-by-step approach to planning standards-based curriculum, instruction, and now assessment, too. Pearl Gold Solomon covers the essential concepts and skills defined by the National Council of Teachers of Mathematics (NCTM) using a simple-to-follow matrix that aligns activities and problems for the classroom with specific NCTM standards, and then provides appropriate assessments for each. An essential handbook...
