Debugged! MZ/PE: Magazine for Practicing Engineers (Paperback)

By Dmitry Vostokov, Matthieu Suiche, Roberto Alexis Farah

Opentask, Ireland, 2009. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Welcome to the first issue of Debugged! MZ/PE magazine! More than 3 years ago I conceived an idea of a Debugging Gazette but was swayed by a blogging wave. Last year together with OpenTask iterative and incremental publisher announced 2009 as The Year of Debugging, 2010 as The Year of Dump Analysis and the magazine is the vital part of this initiative. The goal of every issue is to be useful as much as possible and be on a desk of practicing engineers for as long as possible. By engineers I mean software engineers in general, software technical support and escalation engineers, and software test engineers. To achieve this goal every issue features useful tables and charts in full colour and back covers can be used as mini posters featuring tips on debugging. The focus is on Windows debugging but not limited to if any information about other platforms is of sufficient generality. Despite an economic downturn and recession we decided to go ahead and even increased the number of pages for the first issue. This issue features 12 page WinDbg command supplement to...

Reviews

Complete guideline! Its this type of great read through. it absolutely was writtern quite perfectly and helpful. I am very happy to explain how this is basically the best book i actually have read through during my personal life and can be he very best book for at any time.

-- Joshua Gerhold PhD

A very awesome book with perfect and lucid reasons. It really is basic but shocks within the 50 percent of the book. Its been designed in an exceptionally easy way and is particularly merely right after i finished reading this ebook where in fact changed me, change the way i think.
