Reviews

This ebook will never be effortless to get started on studying but extremely fun to read through. It is actually written in easy phrases and never difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

Three Skillet, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. On a thread not long ago, I was reminded that, whether we believe in fate or not, whatever we write is fated, by its nature of being a story. This made me think of the odd and seemingly incompatible differences between fiction (what we wish for, perhaps) and reality. I think we do what we can to bring the good parts of our fiction and fantasies into real life, but even that has unforeseen consequences. Roger Dale Reynolds July 16, 1969 - October 20, 2010 From Avalon to Zanzibar; from city lights to starry nights, from infant oracles hovering around wax candles to blazing campfires in snow-topped mountain passes, Hidden Lakes and Dragonflies is a timely collection of poetry, as seen from the real-life experiences of a man, whose imagination captured the humor, fantasy, romance, and wonders of nature that will bring a smile to your face, or maybe a tear to your eyes.
