iUniverse. Paperback. Condition: New. 288 pages. Dimensions: 9.1in. x 6.1in. x 0.8in. The flesh eating disease breaks out among the drug addicted in the largest American cities after the theft of experimental microbes at Stanford University. A team of American scientist is dispatched by the NSA to Mexico to discover the source of the insidious disease. The researchers discover a poppy field where the microbe has been introduced into the poppy crop and used as a vector to infect thousands of American drug users. One of those most prominent, succumbs to the delusions of possession. He seeks answers coming up with twelve explanations for his hallucinations and auditory disfunction. None of these come close to the diabolical reaches of the NSA where Tulsa technology is being used to undermine the researchers effort at discovering those responsible. Bio-terrorism at the hands of the government. . . unthinkable! The research team is lead on a thrilling escapade during which they discover shocking truths about the NSA and the political and religious right. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
