AUTHORHOUSE, United States, 2006. Paperback. Book Condition: New. 223 x 147 mm. Language: English . Brand New Book ***** Print on Demand *****. Can you teach people to behave ethically? That s the question being asked by business leaders and business school administrators across America as our country witnesses a wave of financial scandals. The Seven Layers of IntegrityT both answers that question and provides a model that serves as a learning tool and a decision-making mechanism. The number of ethical dilemmas available to the human race is without limits. Therefore, it is imperative that we teach people how to think about the decisions they may face. Management and employees need an understanding of how to approach and resolve the day-to-day ethical questions encountered in a business setting. Standards of behavior do exist and The Seven Layers of IntegrityT provides a method for examining those standards. But in addition, people going into business should have a process to use when encountering newterritory, a model that helps to clarify their thinking...
