

14th Annual Report; National Institutes of Health, Program in Biomedical and Behavioral Nutrition Research and Training: Fiscal Year 1990 (Classic Reprint) (Hardback)

By National Institutes of Health

Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from 14th Annual Report; National Institutes of Health, Program in Biomedical and Behavioral Nutrition Research and Training: Fiscal Year 1990 Important discoveries over the last decade in molecular biology, genetics, and immunology have provided new opportunities for advances in the biomedical sciences. The techniques for addressing the fundamental questions about the nature of living organisms that have evolved from these discoveries are now beginning to be applied to nutritional studies. Their further application should advance biomedical nutrition research at an unprecedented pace and have a major impact on health. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
