

Collective Bargaining in the Private Sector

By -

Cornell University Press, United States, 2003. Paperback. Book Condition: New. New.. 218 x 140 mm. Language: English . Brand New Book. Private-sector collective bargaining in the United States is under siege. Many factors have contributed to this situation, including the development of global markets, a continuing antipathy toward unions by managers, and the declining effectiveness of strikes. This volume examines collective bargaining in eight major industries airlines, automobile manufacturing, health care, hotels and casinos, newspaper publishing, professional sports, telecommunications, and trucking to gain insight into the challenges the parties face and how they have responded to those challenges. The authors suggest that collective bargaining is evolving differently across the industries studied. While the forces constraining bargaining have not abated, changes in the global environment, including new security considerations, may create opportunities for unions. Across the industries, one thing is clear private-sector collective bargaining is rapidly changing.

Reviews

I actually started looking over this publication. It really is rally interesting through studying period. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Dana Hintz

Good electronic book and valuable one. It really is basic but unexpected situations in the 50 percent in the pdf. You wont really feel monotony at at any moment of your time (that's what catalogues are for concerning when you ask me).
