

## Into the Wave (Paperback)

By Meyari Mcfarland

Mary M Raichle, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Piloting was dangerous, especially when you grieved. Keola knew that better than most. The Wave drive affected electronics, making them unreliable. It also affected human minds, sending them chasing after memories and too distracted to pilot the ship. It didn't matter. Keola had a job to do and her grief at the loss of Scarlett would have to wait until she rode the Wave all the way to the end of the line. Into the Wave is a thoughtful science fiction exploration of surfing, science and the nature of grief when you have nothing to grieve over that is sure to stick with you.
