Language: English Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Aids to Writing Latin Prose: With Exercises This book is a selection from materials prepared by the Dean of Westminster, while Master of University College, Oxford, for a treatise upon Latin Prose Composition; materials which, on finding that the duties of his present position preclude all hope of completing the work himself, he has intrusted to my hands, with full discretion as to their selection and arrangement. His original design was to frame an orderly series of introductory chapters or sections dealing with all the chief constructions of Latin Syntax; each chapter to be followed by two kinds of Exercise - the one elementary, consisting of short sentences, the other a continuous passage suitable for more advanced students; notes and hints being appended to either, as might seem convenient. The publication, however, of the revised edition of Arnold's Latin Prose Composition (virtually a new book under an old name) partly anticipated this design, so far as concerns the elementary exercises and detailed grammatical introductions.
