By James A Campbell

Forgotten Books, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Tenth Biennial Report of the State Mine Inspectors to the Governor of the State of Iowa: For the Two Years Ending June 30, 1901 The Inspector finds the matter of ventilation one of the most important features connected with his official duties. As the health of those working underground depends largely on the condition of the air they breath. Also the conditions governing the ventilation of the mines are changing daily, and require constant attention and careful supervision from the mine fore man to keep the mine in proper condition. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
