*This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.*

## THE INTERNET GALAXY REFLECTIONS ON THE INTERNET, BUSINESS, AND SOCIETY CLARENDON LECTURES IN MANAGEMENT STUDIES

Oxford University Press. Paperback. Condition: New. 304 pages. Dimensions: 8.3in. x 5.4in. x 0.9in. Manuel Castells is one of the worlds leading thinkers on the new information age, hailed by The Economist as the first significant philosopher of cyberspace, and by Christian Science Monitor as a pioneer who has hacked out a logical, well-documented, and coherent picture of early 21st century civilization, even as it rockets forward largely in a blur. Now, in The Internet Galaxy, this brilliantly insightful writer speculates on how the Internet will change our lives. Castells believes that we are entering, full speed, the Internet Galaxy, in the midst of informed bewilderment. His aim in this exciting and profound work is to help us to understand how the Internet came into being, and how it is affecting every area of human life--from work, politics, planning and development, media, and privacy, to our social interaction and life in the home. We are at ground zero of the new network society. In this book, its major commentator reveals the Internets huge capacity to liberate, but also its ability to marginalize and exclude those who do not have access to it. Castells provides no glib solutions, but asks us all to take responsibility for the future of this new information age. The Internet is becoming the essential communication and information medium in our society, and stands alongside electricity and the printing press as one of the greatest innovations of all time. The Internet Galaxy offers an illuminating look at how this new technology will influence business, the economy, and our daily lives. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
