Brand New Book ***** Print on Demand *****.True love doesn't happen every day, as some dread pirate once agreed, but that's not for lack of trying! We at Eros, Inc. strive and strain every day to forge the connections that cause love to blossom the world over. Don't look us up in the Yellow Pages, though—we only operate behind-the-scenes, unseen and unknown, agents that serve on Earth after our time on that planet has passed. We just happily give a little back for the goodwill of humanity (and a little profit-sharing, too). The fact that I, myself, have been dead for quite a few decades should explain why I just mentioned the Yellow Pages. Do I need to explain that one to the kiddies out there? You see, once there was—ah, forget it, no time for that. Don't expect us Eros, Inc. agents to be fluttering on little wings and slinging arrows into unsuspecting keisters, though. No, no, it's a little more complicated than that. Sometimes it gets really complicated, in fact. Like this one pairing I was supposed to match up: Beckett Howe and Moira O Hara. The ethereal big wigs at ol Eros, Inc. thought those two would make a terrific couple. I just needed to get them together, that's all. And being the good employee that I am, that is exactly what I set out to do. But, not everything works out how one hopes or expects. I certainly never expected that these two would irrevocably change my life—er, afterlife—but they did. Oh, they sure did.
