Student Learning in College Residence Halls: What Works, What Doesn't, and Why (Hardback)

By Gregory S. Blimling

John Wiley Sons Inc, United States, 2015. Hardback. Condition: New. Language: English . Brand New Book. Add value to the student experience with purposeful residential programs Grounded in current research and practical experience, Student Learning in College Residence Halls: What Works, What Doesn't, and Why shows how to structure the peer environment in residence halls to advance student learning. Focusing on the application of student learning principles, the book examines how neurobiological and psychosocial development influences how students learn in residence halls. The book is filled with examples, useful strategies, practical advice, and best practices for building community and shaping residential environments that produce measurable learning outcomes. Readers will find models for a curriculum-based approach to programming and for developing student staff competencies, as well as an analysis of what types of residential experiences influence student learning. An examination of how to assess student learning in residence halls and of the challenges residence halls face provide readers with insight into how to strategically plan for the future of residence halls as learning centers. The lack of recent literature on student learning in college residence halls belies the changes that have taken place. More traditional-age students are enrolled in college...

Reviews

It is one of the best publications. It really is really intriguing through reading through period of time. You will not feel monotony at anytime of your own time (that's what catalogs are for relating to in the event you request me).

-- Dr. Pat Hegmann

It is one of my favorite publications. It is among the most awesome publications I have gone through. I am just quickly will get a delight of reading through a published publication.

-- Prof. Martin Zboncak DVM
