For it was they who were the voluntary leaders along the path which the people and the government of the United States, after more than two years and a half of hesitation, were to follow; and it was they who, by the inspiring example of their self-sacrificing devotion to the cause of the Allies, were largely instrumental in creating and in crystallizing public opinion among their own countrymen in favor of the entrance of the United States into the war. Reviews

Basically no terms to clarify. It is actually written in basic terms rather than confusing. I found out this ebook from my dad and I suggested this book to find out.
