Gavin is an ordinary boy with problems like everyone else, when he finds himself in an extraordinary situation and facing the fight of his life. People are calling him Sir Gawain, a knight, and are sending him on a medieval Quest. How has he found himself on a horse when he has never ridden before? How come he has a sword in his hand and terrifying creatures are bearing down upon him? He seems to have slipped through the time-space continuum into another universe, another time. But can he win the battle of Good against Evil, and can he save the land of Unor - and, more importantly, can he save himself in both worlds? This is a story of dragons, magic and quests for children/YA aged 9-14 but enjoyed by adults too. What have readers said about S.C.A.R.S?
