Balboa Press, 2018. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. This book is a holistic investigation into the inspirational self-healing of a seventy-three-year-old woman diagnosed in 2005 with multiple myelomaan incurable, relapsing, remitting cancer. After twelve years of remission without ever relapsing, the only available explanation from her doctors concerning her mysterious recovery has been Youre very lucky! As her mothers daughter and registered holistic counselor, the author went in search of the mysterious ingredient that proved essential to her mothers survival and recovery from cancer, demonstrating that luck was not the fundamental element that aided in self-healing but a profound collaboration between the body, mind, and soul, bringing attention to a necessary shift in human consciousness, a new model of empowerment supported by recent epigenetic research that challenges many of our assumptions and misconceptions concerning disease. As we decode and clarify the mysterious ingredient called luck, the powerful impact that personal responsibility and conscious choice actually bestow upon us becomes apparent, and the author invites us to free our minds, embrace our bodies, feel our emotions, and nourish our souls. The Holistic Approach to Redefining Cancer introduces a new paradigm demonstrating that when different levels of human consciousness collaborate together, they become a driving force powerful enough to transform a life-threatening disease like cancer into an experience of profound self-healing of the mind, body, and soul.
