Reviews

It is one of the most popular pdfs. It really is full of knowledge and wisdom. It has been developed in an exceptionally easy way and it is just right after I finished reading through this publication by which it really altered me, altered the way in my opinion.

Bloomsbury Publishing PLC, United Kingdom, 2014. Hardback. Condition: New. Language: English . Brand New Book. For years I had wandered Australia with an aching heart. Everywhere I had ever travelled across the vast expanse of the fabulous country where I was born I had seen devastation, denuded hills, eroded slopes, weeds from all over the world, feral animals, open-cut mines as big as cities, salt rivers, salt earth, abandoned townships, whole beaches made of beer cans. One bright day in December 2001, sixty-two-year-old Germaine Greer found herself confronted by an irresistible challenge in the shape of sixty hectares of dairy farm, one of many in south-east Queensland that, after a century of logging, clearing and downright devastation, had been abandoned to their fate. She didn't think for a minute that by restoring the land she was saving the world. She was in search of heart's ease. Beyond the acres of exotic pasture grass and soft weed and the impenetrable curtains of tangled Lantana canes there were Macadamias dangling their strings of unripe nuts, and Black Beans with red and yellow pea flowers growing on their branches . and the few remaining White Beeches, stupendous trees up to forty metres in height, logged out within forty years of the arrival of the first white settlers. To have turned down even a faint chance of bringing them back to their old haunts would have been to succumb to despair. Once the process of rehabilitation had begun, the chance proved to be a dead certainty. When the first replanting shot up to make a forest and rare caterpillars turned up to feed on the leaves of the new young trees, she knew beyond doubt that at least here biodepletion could be reversed. Greer describes herself as an old dog who succeeded...
