

Rock the Shot!: Digital Photography Made Easy Fun Technology, Inspirations and Projects (Paperback)

Filesize: 7.11 MB

Reviews

Comprehensive manual for ebook fans. I am quite late in start reading this one, but better then never. Its been written in an exceptionally basic way and is particularly merely soon after i finished reading this publication in which really changed me, affect the way in my opinion. (Prof. Antone Olson II)

ROCK THE SHOT!: DIGITAL PHOTOGRAPHY MADE EASY FUN TECHNOLOGY, INSPIRATIONS AND PROJECTS (PAPERBACK)

Dog Ear Publishing, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In order to be truly creative, you have to be comfortable with the camera and understand how it works. Rock the Shot covers the basics, and is all about point-and-shoot cameras. Great photographs can be taken on any camera, regardless of the price you paid, the number of megapixels, or the size of the lens. After reading this book, you will have a better understanding of the camera and how to take more creative photos. For every techie learning moment, this book will have several fun projects to practice new-found skills. In this way, understanding has a chance to creep in. Once the camera is mastered, the reader will be inspired to experiment with creative ways to take interesting photos. Throughout the book you will be accompanied by the author's friend and muse, who will share his Bobisms and serve as a model in the photographs. Bob is not your typical co-author. He's a ball. He's Bob The Big Red Ball and he loves photography just as much as you do. Craig Norton is a professional photographer and teaches photography to people of all ages on a daily basis. He understands how quickly kids pick up on digital technology, and how challenged many adults can be with the same subject. For kids, this book will not talk down to them, while digitally challenged adult readers will find this book a stress-free learning experience. Craig has used photography as an art therapy at a children's hospital, giving patients a chance to forget they are sick or in pain. He also works with Arts for Learning CT, going to schools to teach photography workshops and residencies.
