

Enviro-Toons: Green Themes in Animated Cinema and Television (Paperback)

Filesize: 1.46 MB

Reviews

Good e-book and useful one. It typically does not expense an excessive amount of. I am just delighted to tell you that this is basically the finest book we have read during my very own existence and could be he best ebook for actually.
(Audra Hodkiewicz)

ENVIRO-TOONS: GREEN THEMES IN ANIMATED CINEMA AND TELEVISION (PAPERBACK)

McFarland Co Inc, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book. This book takes an ecocritical approach to analytical readings of animated feature films, short subjects and television shows. Beginning with the simply subversive environmental messages in the Felix the Cat cartoons of the 1920s, the author examines green themes in such popular animated film efforts as Bambi (1942), The Simpsons Movie (2007), Wall-E (2008) and Happy Feet (2008), as well as James Cameron s live action/animation blockbuster Avatar (2009). The discussion extends beyond American films to include the works of Japanese animator Hayao Miyazaki, including the Oscar-winning Spirited Away (2002). Also evaluated for their pro-ecological content are the television cartoon series South Park and Futurama. The appendix provides a list of film and television titles honored with the Environmental Media Award for Animation.
