Morocco is a monarchy with a constitution under which ultimate authority rests with King Mohammed VI, who presides over the Council of Ministers. The king may dismiss ministers, dissolve parliament, and call for new elections. International and domestic observers judged the 2011 parliamentary elections credible and relatively free from irregularities. The Islamist Party of Justice and Development (PJD) won a plurality of seats in the 2011 elections. As mandated by the constitution, the king chose the PJD to lead the governing coalition. The most significant continuing human rights problems were the lack of citizens right to change the constitutional provisions establishing the country s monarchical form of government, corruption in all branches of government, and widespread disregard for the rule of law by security forces. Authorities failed at times to maintain effective control over security forces. On multiple occasions security forces committed human rights abuses. A variety of sources reported other human rights problems. These included police use of excessive force to quell peaceful protests, resulting in hundreds of injuries, and torture and other abuses by the security forces. Pretrial...
