Brand New Book ***** Print on Demand *****.Excerpt from The Manufacture of Ice Cream From a small beginning, the ice-cream business in Canada has grown steadily until it is now an important part of our great dairy industry. In 1926, according to the Canadian Bureau of Statistics, the total production of ice cream in Canada totalled gallons with a value of This is a per capita consumption of pints per annum. For the same year the per capita consumption of ice-cream in the United States was estimated at gallons (american), or approximately three times greater than in Canada. It is evident, therefore, that there is an excellent Opportunity to expand the ice cream business in Canada by increasing our per capita consumption of this delectable and highly nutritious dairy product. The increase in volume of production. Has been accompanied by a continual improvement in the quality of ice-cream, due to better methods of manufacture as well as a better understanding of the factors involved in the production of high-quality ice-cream. The introduction of power freezers and other ice-cream equipment along with mechanical refrigeration gave a considerable impetus to the industry, and...

Reviews

An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.

-- Prof. Arlie Bogan

It is a single of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.
