Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

SUSTAINABLE RECOVERY (PAPERBACK)

Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Sustainable Recovery is a non-fiction book in the self-help genre, and is dedicated to enlightening anyone seeking recovery from alcoholism, or seeking a greater knowledge of addiction rehabilitation. The book focuses on the author s personal battle with alcoholism. His recovery, first in the conventional Twelve Step model, then later utilizing cutting edge neuroscience and the quantum model is a compelling journey of personal transformation. Drawing on his diverse career in mainstream nursing, as well as extensive knowledge of alternative/complementary healing, the author lays out the formula for his own high-end recovery. Utilizing what has worked the best for the most for the longest from a very contemporary perspective, he further endorses an additional layer atop the 80 year old AA program. Taking the latest up-to-the moment ideas on epigenetics, neuroplasticity and spiritual mindfulness, he offers insight and a practical guide for the recovery and life of your dreams.
