By Shante F Green

WestBow Press, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.A large part of America's population is comprised of single parent families, with the minority households leading the census. It is to our detriment that through music, movies, and the media, negative behaviors, attitudes, and images have been created relating to the dynamics of single parent families. Truthfully, there is no real honor in the title of just being a baby momma or a baby daddy. Unfortunately, this stigma is passed on and accepted by future generations. Often times, single parents and their children are forced to navigate through feelings of depression, guilt, rejection, and rage. Many parents and children turn to premarital sex, drugs, or suicide. There is hope! There is a battle plan. Through biblical teaching, *The Single Parent Survival Guide*: identifies emotional issues that perpetuate dysfunctional cycles; reveals lust and lies that seek to infiltrate and destroy the home; gives practical advice in dealing with your children's other parent; and offers proven parenting tips that will foster a healthy emotional environment for you and your children.
