AUTOMATIC CONVERSION OF SERVICE MODELS INTO WEB SERVICES

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Towards Dynamic and Flexible Collaborative BPM Development | With collaborative business processes, organizations can create dynamic and flexible collaborations to synergistically adapt to the changing conditions, and stay competitive in the global market. However, the development and management of organization s IT infrastructures that can able to cope up with the requirements of dynamic business environments are challenging. Service-based approach can enhance the development and management of collaborative processes through service abstraction...
