

Information Communication Technology And Education (Networking: the Foundations For Information Society), Vol. 1

By V.C. Pandey

2005. Hardcover. Book Condition: New. 300 The revolutionary impacts of information and communications technologies (ICTs) affects the way people live, learn and work and the way government interacts with civil society. The digital networks seem to be making inroads as a new information carrier, capable of transmitting news in real time equally as well as the written press, radio or television programmes. A Solid framework of IT-related policies and action can change the way in which we interact, while promoting social and economic opportunities worldwide. A effective partnership among stakeholders, including through joint policy co-operation, is also key to the sound development of a truly global information society. About The Author:- V.C.Pandey, a Civil Servant (DANICS) and a brilliant academic from Lucknow University has held several administrative positions under the NCT, Delhi. A reputed expert in the field of education, he has shown active participation in several seminars. Besides he introduced various vocational schemes.
