Dancing Bee Press, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Not your typical tale of post apocalyptic doom, The Literature Preferred by Wild Boar, is ultimately a story of hope. Set in the year 2045, amidst planetary chaos and climate change, the Earth's human population has dwindled to survivors of The Great Wobble, caused by changes in the planet's magnetic field, when time became dreamy and subjective and geography has blurred and shifted. New Age mystic, Deb Exlander and her practical bee keeper husband, Charles, piece together a new life seeking harmony with the new environment. Deb is on a quest, tied intimately with her deep love for nature and her recent acquaintance with a wild boar who roams the neighborhood as she seeks healing for her family and community.
