Created in full colour with illustrations to help Children in their early learning and making education lots of fun. Children s Weebies Family Alphabet ABC Book 6 starts to teach Pre-School and Junior Children how to learn the Alphabet and recognize different items. Created in full colour with illustrations to help Children in their early learning and making education lots of fun. A book suitable for ages between 3 to 8 years. The book also encourages Children to draw developing hand coordination skills. The Weebies Family Collection of books have been specially created and designed for early learning Pre-School for Children. So as to provide today that very critical early start in life through communication. Each book has been designed in full colour and where the illustrations created by the author are developed using fractal maths and here is why! A Child s view point in early development can relate to shapes and colours at Pre-School age. Each drawing is therefore created in fractal maths only using circles, triangles and squares. As this is a creative stage that can be comprehended at an early age and this is why Children s drawings are very exact to them where pictures they create appear to be rectangular, circular etc. The drawings are deliberately designed, so Children can connect and become inspired by the colours and shapes, where they can become confident to draw themselves, therefore developing hand co-ordination skills. These books are very educational and all have a pertinent meaning and so they are not just...
