On Demand Publishing, LLC-Create Space, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt: The world of modern readers has watched sun myths, and dawn myths, and storm myths, and wind myths come in and go out: autant en emporte le vent. Totems and taboos succeeded, and we are bewildered by the contending theories of the origins of taboos and totems. Deities of vegetation now are all in all, and may it be far from us to say that any one from Ouranos to Pan, from the Persian King to the horses of Virbius, is not a spirit of vegetable life. Yet perhaps the deity has higher aspects and nobler functions than the pursuit of his vapid vegetable loves; and these deserve occasional attention. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.
