MAINAMATI: SANSKRIT INSCRIPTIONAL AND ARCHAEOLOGICAL STUDY**DOWNLOAD**

Bharatiya Kala Prakashan, 2009. Hardcover. Book Condition: New. First edition. 15 x 23 cm. Mainamati-Lalmai area is a "small strip of hilly land (11x5 Miles)" in the Comilla district on the eastern border of Bangladesh. This hill-range area, though small, has yielded a rich treasure of Sanskrit inscriptions and archaeological artifacts belonging to the period of 7th to 13th centuries C.E. A comprehensive and coherent reconstruction of history from this rich evidence was a long-felt desideratum. The present study fulfills that lacuna in an eminent way. The author gives a brief geographical and geo-ecological survey of the area and of its archaeological sites and excavations. He then sets the full Sanskrit epigraphical material- photographs of copper-plates etc., their transcriptions and translations-as also other archaeological artifacts-coins, plaques, pottery, itnages, etc. From this evidence, he then reconstructs the political history-Kings and dynasties-of this area and corroborates it from artifacts and geographical identifications of locations mentioned in the inscriptions. The work throws a flood of light on the much less known history and culture of the south-eastern Bengal. The book will be of much interest to historians, archaeologists, researchers and students engaged in inscrip tional and archaeological studies.
