By William Paley, Matthew D. Eddy, David Knight

Oxford University Press. Paperback. Book Condition: new. BRAND NEW, Natural Theology, William Paley, Matthew D. Eddy, David Knight, 'The consciousness of knowing little, need not beget a distrust of that which he does not know.' In Natural Theology William Paley set out to prove the existence of God from the evidence of the beauty and order of the natural world. Paley's legalistic approach and skilful use of metaphor and analogy were hugely successful, and equally controversial. Charles Darwin, whose investigations led to very different conclusions in the Origin of Species, was greatly influenced by the book's cumulative structure and accessible style. This edition reprints the original text of 1802, and sets the book in the context of the theological, philosophical, and scientific debates of the nineteenth century.
