University Press of Kansas. Paperback / softback. Book Condition: new. BRAND NEW, The Making of Yosemite: James Mason Hutchings and the Origin of America's Most Popular Park, Jen A Huntley, Leader of the first tourist expedition into Yosemite in 1855, James Mason Hutchings became a tireless promoter of the valley and of himself. Seeking to create an alternative to California's Gold Rush social chaos, Hutchings whetted the public enthusiasm for this unspoiled land by mass producing a lithograph of Yosemite Falls, while his Hutchings' California Magazine beat the drum for tourism. But because of his later legal imbrolios over the park, Hutchings was effectively written out of its history, and today he is largely viewed as an opportunist who made a career out of exploiting Yosemite. Now Jen Huntley removes the tarnish from Hutchings's image. She portrays him instead as a "connector" who brought artists to Yosemite and Yosemite to Americans, and uses his career as a lens through which to view the contests and debates surrounding the creation of Yosemite, and, by extension, America's emerging ethic of land conservation. Blending environmental and cultural history, she tracks Hutchings's professional trajectory amidst significant changes in nineteenth-century America, from technological advances in printing to the growth of tourism, from the birth of modern environmental movements to battles over public lands. Huntley uses Hutchings's legal battles with the government over ownership of land in the Yosemite Valley to analyze larger battles over public land management and national identity. She also explores the role of urban San Francisco in designating Yosemite a public park, shows how the Civil War transformed Yosemite from a regional icon to a national symbol of post-war redemption, and takes a closer look at Hutchings's relationship with John Muir. Making Yosemite sheds light on the role of power, class dynamics,...
