This book was the favorite Marian book of St. Louis-Marie de Montfort, who said that he had read almost everything about the Blessed Virgin. Boudon was the preferred author of St. Louis-Marie, and without this book we may not have the True Devotion to Mary at all or at least not in its present form. Any book written about the True Devotion can ultimately trace its existence to this work. This book had a decisive and permanent influence on the Saint, and considering its influence on him, Bl. Pope John Paul II and several of his predecessors, it can be called one of the most significant books in the history of Marian spirituality and devotion. One of St. Louis-Marie's biographers, Fr. It is a rich repertoire from which Montfort drew extensively when he composed his Treatise on the True Devotion. One finds, in effect, in the writings of Montfort, the...
