Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Coming Events: A Study of the Eschatology of Jesus Of the eight important subjects included in a course of Christian doctrine, three belong to the New Testament, where they find full and adequate statement. The first and most important of these is Soteriology - a study of the work, worth and infinite reaches of the atonement. Ecclesiology treats of the origin, nature and destiny of the church, - the unique institution of this present age. Eschatology has to do with the purpose, plan and program outlined from the beginning as to the future ages. It occupies us with things that will greet the traveler when he has reached the valley of the shadow, and passed the veil that hides the distant land from view.
