Sixty years prior to Tally's choice, something or someone fell to earth, refugees from a far-away struggle between good and evil. Fallen angels, aliens, others, and whatever they may be called, there is a secret conspiracy that seeks to control them and join our world in a war against good. Things get out of hand, though, when five survivors of a train wreck all vanish mysteriously. The one survivor who did not vanish will do anything to bring the responsible people to justice, including enlisting the unwitting aid of Tally. This item ships from multiple locations. This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that I am sure that I will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.
