JESSICA KINGSLEY PUBLISHERS, United Kingdom, 1998. Paperback. Condition: New. Language: English . Brand New Book. This book is an important introduction to the theory and practice of adapting self psychology ideas to the analytic group setting. - Group Analysis, The Journal of Group-Analytic Psychotherapy Harwood, who is from the United States, comes together with Pines, who is from England, to edit this well-organised and well-written book. This book has an intimacy to it. One gets the feeling that the authors are a group unto themselves. They quote each other and influence one another, despite their coming from the United States, Italy, Norway and England. they are bold contributors to modern self-psychology who take on Freud, Kohut, Stolorow and others inculding themselves. As a woman, Irene Harwood s perspective is refreshing. One is immersed in hearing about Freud and Kohut and how they practive in their office. Then on to Stolorow, Lachmann, and other men who are doing dyadic therapy. Dr Harwood brings the reader into the real world of working moms and child-care workers, other cultures where the extended family presides, and to war, where traumas take place and reperation does not happen therapists offices. - The International Journal of Group Psychotherapy This is the first book published which has attempted to apply the self-psychology of Kohut to group psychotherapy. With a distinguished selection of international contributors the authors discuss the application of the basic theory to the realities of current group pschotherapy ppractice. A succinct chapter by Harwood outlines the elements of self-psychology and how these have developed and been modified in recent years. She also demonstrates by reference to clinical vignettes how the group is a rich setting for the exploration of self-psychology concepts. An important chapter by Silvers on the co-therapy model stresses the value of introducing...
