Google Home is a connected home accessory that can control gadgets in the home, play music and provides answers from Google Search. The device is a smart-home speaker that is voice- activated and connects to the internet; it uses AI- powered Google Assistant (that is artificial intelligence) which is able to provide more than the average response seen in its competitor. In addition, Google Home is able to provide you with a weather update, the cost for plane tickets and allow you to listen to the morning news. It was released in early November last year as a part of Google s Made By Google brand of products and is activated by Ok Google.
