

Defense Acquisition Reform, 1960-2009: An Elusive Goal

By Center of Military History United States, J Ronald Fox

Createspace, United States, 2014. Paperback. Book Condition: New. 254 x 178 mm. Language: English . Brand New Book ***** Print on Demand *****.Defense acquisition reform initiatives have been Department of Defense perennials over the past fifty years. Yet reforming the acquisition process remains a high priority each time a new administration comes into office. Many notable studies of defense acquisition with recommendations for changes have been published, and each has reached the same general findings with similar recommendations. However, despite the defense community's intent to reform the acquisition process, the difficulty of the problem and the associated politics, combined with organizational dynamics that are resistant to change, have led to only minor improvements. The problems of schedule slippages, cost growth, and shortfalls in technical performance on defense acquisition programs have remained much the same throughout this period. The importance of the Department of Defense's huge acquisition projects over the years cannot be overstressed. The United States has often turned to cutting-edge technological solutions to solve strategic and operational challenges. To highlight the importance of acquisition issues, the Department of Defense began a project in 2001 to write a history of defense acquisition from the end of World War...

Reviews

This is the finest book i have got study right up until now. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Keanu Johns**

This is the finest book i have read until now. It is filled with wisdom and knowledge You can expect to like just how the author compose this ebook.
