

Language an Introduction to the Study of Speech (Paperback)

By Edward Sapir

BOOK JUNGLE, United States, 2008. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Edward Sapir was an early 20th century leader in the field of linguists. He was a leader in American structural linguistics, and one of the creators of the Sapir-Whorf hypothesis. His accomplishments include a substantial series of publications on Nootka and other languages, and his seminal book *Language* (1921), which is still a leading book in the field. *Language an Introduction To The Study Of Speech* provides the reader with everything from a grammar-typological classification of languages, as seen in the Chinese and Nootka languages, to speculation on the phenomenon of Language drift and the arbitrariness of associations between language, race, and culture. ***** Print on Demand *****.

Reviews

Without doubt, this is the very best job by any article writer. It typically does not cost too much. You are going to like just how the blogger write this pdf.
-- Jazmyn Beier II

This book can be worth a read through, and far better than other. It can be written in easy phrases instead of confusing. You will not really feel monotony at any moment of your respective time (that's what catalogs are for concerning if you check with me).
